# Village Therapy Works

## Now offering Summer Programs

### Handwriting Without Tears

Does your child.....

- Struggle with penmanship?
- Have messy writing or avoid written tasks?
- Hold a pencil correctly?
- Struggle to keep up in the classroom?

*Designed to:* Enhance fine motor and visual motor skills, pencil grasp, upper body strengthening, sequencing and eye-hand coordination for pre-school to 3rd grade.

\*Screening required to determine placement.  
*Format:* 1.5 hours per week for group or 50 minute individual sessions for 6 to 8 weeks.

### Social Skills Group

*Does your child need help with pragmatics of language and conversation?*

*Do they have trouble:*

- *Starting and ending a conversation?*
- *Interrupting appropriately?*
- *Responding to comments made by others?*
- *Interacting with peers and developing friendships?*

*Designed to: Develop socialization and expressive language skills; Kindergarten to 5th grade*  
*Format: 2 hour sessions, once a week for 8 weeks.*  
*Groups consist of 3 to 4 children based on age and language abilities*

### Summer Reading Club

Does your child need some help with the recommended reading list for school?

*This is the club for them!*

We will help your child improve fluency, comprehension and vocabulary to make reading more enjoyable!

*Format:* 1.5 hour sessions for 8 weeks; 3 to 4 children grouped according to grade level; or individual help can be arranged

2nd - 8th grade

### Just in case you didn't know...

Village Therapy Works provides individual &/or group therapy for children with speech, language processing disorders, and developmental delays.

*The summer is a great time to boost academic and study skills.*

If your child has been receiving speech or supportive classes at school, we offer continued services during the summer.

*Our therapists enjoy collaborating with teachers and parents to enhance carry-over of skills. We also provide parent & teacher inservices.*

### Academic Tutoring

Give those academic skills a boost over the summer!

Let our private tutor help with.....

- Creative writing
- Reading comprehension
- TOEFL, SAT & ACT test preparation
- Study skills and organizational strategies

### Fast ForWord for Auditory Processing Disorders

*This intensive computer program develops the fundamental language skills that are the building blocks for processing language and reading.*

*Designed for children 1st through 11th grade who are experiencing auditory processing and reading difficulties.*

*Format: 2 to 2.5 hour daily sessions for 6 to 8 weeks*
